

Do you have your stoma appliances prescribed from this GP practice?

If so, the way you order them is changing. You will now need to follow these 3 easy steps.

Step 1

Simply phone **0800 085 3745**, between 8am and 6pm Monday to Friday, to speak to a prescription co-ordinator.

If all the prescription co-ordinators are on other calls, a recorded message will ask you to leave your contact details and a prescription co-ordinator will call you back within 15 minutes.

Step 2

You will be asked a few questions about any issues or problems since your last order. This is to make sure that you are getting the products that you need.

Step 3

The prescription co-ordinator will prepare your prescription.

Ask at reception for information.
