

### About us

Family Action is a charity committed to building stronger families by delivering innovative and effective services and support that reaches out to many of the UK's most vulnerable people.

We seek to empower people and communities to address their issues and challenges through practical, financial and emotional help

### About the Children's Therapeutic Service

The overall aims of our service are to promote positive mental health and wellbeing and bring about greater stability to the lives of children, young people and their families.

Registered Charity no: 264713. Registered Company Limited by Guarantee in England and Wales: 01068186. Patron: Her Majesty the Queen.  
Chair: Bryan Portman MBA FCCA FCIS. Chief Executive: David Holmes CBE

**We are registered with  
Ofsted as an Adoption  
Support Agency**

Our unique service provides a spectrum of creative as well as talking therapeutic interventions for families, including those with children and young people aged between 5 and 18 who are experiencing trauma through abuse or neglect, domestic abuse or loss, or whose adoption or foster placement is at risk of breakdown because of attachment difficulties.

We have a pool of qualified and experienced social workers and therapists who specialise in providing therapeutic interventions on an individual needs basis, and who can also offer a consultation service and training to other professionals and agencies.

On receipt of a referral, we match a social worker or therapist with the family based on the family's needs and the social worker or therapist's modalities.

All our social workers and therapists are DBS checked. They receive training, regular and reflective clinical and case work supervision and an annual performance appraisal. Continuing professional development is embedded into their practice, and informed by service user feedback and regular case

Our service is commissioned on a spot purchase basis.

If you would like further information regarding the service or would like to commission an individually tailored therapeutic intervention, please contact;
