

together^{WE} ARE**better**

Finding Friendships

Together We Are Better is a free new service for people aged 65 and older. The service aims to connect like-minded people to form supportive friendships.

As we get older our social contact can decrease and in some cases we can feel isolated. By interacting with people who think like us, we can begin to feel more connected.

Together We Are Better identifies people who have a lot in common and are likely to get on with one another.

For more information, telephone Jigsaw on 01623 662200, or visit www.togetherwearebetter.co.uk
