

We're taking part in the **Nottingham & Nottinghamshire fluathon!**

Children aged 2 and 3 years
old are invited to have their
free nasal spray flu vaccine!

Ask at your GP reception for
clinic times...

Help keep your child
flu free this Winter!

We can also vaccinate other at risk groups
with an injectable vaccine. So if you're
over 65, pregnant or have a long-term
condition and haven't had your flu jab yet
then please book an appointment.
